Education

Georgia State University

Bachelor of Science, Computer Science

Expected Grad: Dec 2026

Atlanta, GA

Relevant Coursework

Completed

- Data Structures and Algorithms
- System-Level Programming
- Theoretical Foundations of CS
- Principles of CS II

Enrolled

- Software Development
- Operating Systems
- Computer Org & Programming

Technical Skills

Languages: Python, Java, C(beginner), HTML, SQL

Developer Tools: Git, GitHub, Visual Studio Code

Technologies/Frameworks: Flask, SQLite, SQLAlchemy

Projects

Personal Blog Web App(in progress) | *Python, Flask, SQLite, HTML*

Aug 2025 – Present

- Developing a full-stack web app that lets users register, log in, and create/read/update/delete blog posts
- Implementing secure user authentication and session management to protect content editing
- Designing RESTful routes and dynamic pages with Flask and Jinja2 templates, backed by an SQLite database

Codebreaker Puzzle Game | *C*

Jul 2025

- Built a command-line code-breaking game with configurable digits & attempts, using a seeded random generator and digit-by-digit / frequency-count logic (duplicates included) for accurate feedback
- Added robust input validation (digit length, non-digit input, quit command) to ensure a reliable, replayable user interface

Experience

The Home Depot

Aug 2024 – Present

Appliance Sales Associate

Snellville, GA

- Generated over \$150,000 in appliance sales within one year by providing strong customer service and product expertise
- Process and track appliance orders for customers, resolving issues if they arise
- Advise customers on appliance features, installation, and service options to support informed purchases
- Cross-train in paint and flooring to support store operations as needed, demonstrating adaptability and a team-oriented mindset

Target

Jun 2021 – May 2022

Team Member

North Brunswick, NJ

- Adapted to various roles (cashier, general merchandise, online order fulfillment, inbound freight) to ensure efficient store operations across departments

The College of New Jersey

Mar 2021 – May 2021 (Semester role)

IT HelpDesk Technician

Ewing, NJ

- Documented and resolved over 150 support tickets, demonstrating strong troubleshooting and follow-through
- Diagnosed and repaired software and hardware issues for students, faculty, staff, and alumni
- Provided phone, email, and chat support, ensuring timely solutions and clear communication

Involvement

Programming Club (PROGSU)

Fall 2025 – Present

Member

Georgia State University

- Participate in coding challenges, workshops, and guest speaker sessions to broaden technical knowledge.
- Collaborate with peers in study groups and code reviews to learn new tools and languages.
